Subject: Invitation to Japan Maritime Event on 17th October

Dear Members of MARTECMA,

First and foremost, I would like to express my sincere appreciation for your continued support of Japanese ship machinery products and services.

The Japan Ship Machinery and Equipment Association (JSMEA), with the support of The Nippon Foundation, will be holding the "Japan Maritime Event – B2B Meetings and Seminar" in Athens, Greece, on Friday, October 17, 2025.

As a partner event of the Posidonia exhibition, the seminar will feature presentations by 18 of our member companies, with sessions in both the morning and afternoon. Business matching tables will also be available at the venue. Furthermore, networking lunches and a dinner reception will be held to provide Shipping society of Greece and their maritime professionals with the latest information on Japan's ship machinery and equipment industry and to expand our relationships.

We believe this will be a very valuable opportunity, and we sincerely hope you can join us. Please register your attendance at the following URL:
